

Minutes from Eco Team Meetings in February

Attendees: All Eco Team and Miss Corradine

Topics discussed over our February Meetings:

Litter Picking –

- Eco Team invested some of their funding pot into new litter picking sets for the school.
- Eco Tem organised the sets and discussed how best to educate children on how to use them.
- Eco Team had to support the site manager and lunchtime supervisors who have had problems with some children using litter picking sets incorrectly

Actions

1. Buy buckets for litter picking to stop children from using bin bags incorrectly for litter picking and wasting them.
2. Plan a speech for assembly to teach children how to litter pick properly – without causing extra waste/mess for lunchtime supervisors.
